VOL. CXV. No. 161. ALEXANDRIA, VIRGINIA TUESDAY, JULY 7, 1914. PRICE, 2 CENTS

CIRCULATION OF PETITIONS

Work of Those Desiring Election Will Be Continued Tomorrow.

MANY HAVE SIGNED

Reports and Certificates of Clerks to Be in Hands of Governor July 14—Petitions in This City.

A few days ago attention was called to the fact that those who are busily engaged throughout the state in procuring signatures for an election to determine whether Virginia is to have state wide prohibition or local option had ignored Alexandria. But during the last hours in which signatures could be obtained several petitions were handed around in this city. From all that can be learned but few appended their names to these documents and the work of procuring names was devoid of enthusiasm.

Richmond, July 7.—Petitions calling upon the governor of the State to call an election on the question of Statewide prohibition are still being circulated in Richmond and at some points in the State. These petitions will also be in circulation on Wednesday. The enabling act provides that the reports and certificates of clerks are to be in the hands of the governor by the 14th of July,, and that within ten days of that time, if a sufficient number of duly qualified petitioners have expressed themselves as desiring the election, the govrnor is to issue his proclamation calling the September election. Petitions may be legally circulated for several days longer. The clerks must have a certain amount of time to make out their certificates, after having examined the petitions, and for their certificates to reach the office of the governor. So petitions will be circulated in Richmond on today and Wednesday.

It was certain last Monday that more than the required eighteen thousand signatures had been secured at that time.

Inquiry at the Henrico county clerk's office yesteday revealed the fact that a large number of petitions had been filed there during the day, and two more were brought in in the course of a few minutes. The clerk in charge of the office at the time of inquiry stated that a great number of petitions, as to the exact number of which it was not possible to be sure, had been filed for certification during the day.

A telephone message that came late last night from Rockingham county stated that 2,106 signatures to the petiton had been secured in that county and that petitions were being filed with great rapidity. While certificates of clerks, it is understood, have been submitted already, it is not possible at this time to ascertain just what proportion of the petitions actually signed have been corrected and certified.

MUST CLING TO WIFE

Unfortunate Culmination of Pretty Romance Three Years Ago.

New York, July 7.—Justice Page has decided that Capt. Robert S. Weihe, of the Salvation Army, is bound to his wife, Capt. Amalie Weihe, although she has refused to be a wife to him. The only way the husband can have his marriage annuled, said the court, is to produce proof that she is physically incapable of maternity.

The Weihe marriage in May, 1911, was the culmination of a pretty romance. Mrs. Weihe had seemed affectionate and had given no sign that she would not be a loving and capable helpmate.

It was not until after the wedding—so the husband testified in asking the court to annul the marriage—that he first learned of her strange aversion, which, he says, she persisted in until they separated. The petite wife said "she didn't care for any man enough to be the mother of his children."

NEWS OF THE DAY

Representative Roberts, of Nevada, yesterday introduced a bill turning over the hall of the House on Friday afternoons to members of the Cabinet and Senators and Representatives who desire to deliver lectures. The resolution provides that the public, on such occasions, shall be admitted to the galleries at popular prices, the proceeds "to be used for campaign purposes in close districts in behalf of members who are having trouble being renominated or re-elected." Mr. Roberts described the resolution as designed to "encourage a home industry, and to obviate the necessity of House members, Senators and Cabinet members leaving Washington on lecture routes during sessions of Congress."

The Rev. Dr. John A .B. Pitcher, for years one of the leading clergymen of the Oranges, and Mrs. Pitcher, were on Sunday baptized into the Roman Catholic faith by Bishop Conway, of Utica, at the Sacred Heart Convent, New York. In Coxsackie, N .Y., Dr. Pitcher had charge of Protestant Episcopal churches. In each of these places he was known as a "High Church" man and a strong advocate of the Anglican ritual. In Orange, N. J., Dr. Pitcher took a leading part in all civic matters and in the famous haters' strike defended the strikers vigorously. He was the rector there of All Saints' Church. As Dr. Pitcher is married, he cannot enter the Catholic priesthood.

Georges Legagneux, one of the best-known French aviators, was killed at Saumur, France, while attempting a double loop in the air. He had completed the second look when the propeller broke as the aviator was finishing a glide on the wing, and the machine plunged into the River Loire.

Norman E. Mack, Democratic national committeeman of New York, is preparing to announce his candidacy for the nomination of United States senator in the primary.

Dr. E. B. Cooley, a physician of Danville, Illinois, has announced his candidacy for the Republican nomination for Congress in opposition to Joseph G. Cannon in the Eighteenth Illinois district.

The British House of Lords yesterday passed by 273 to 10 the second reading of the bill to amend the Irish home rule bill. That the House of Lords would pass the bill in order to amend it in committee was a foregone conclusion, but there was surprise that only ten "die hards" could be found to vote for Lord Willoughby de Broke's motion for its rejection.

Two men were stabbed, one seriously, in a fight among several white and colored passengers on board an interurban car at Twenty-fourth street and Rhode Island avenue northeast Washington, shortly after midnight this morning. Five colored men boarded an interurban car at Hyattsville, Md., en route to Washington, and they started to sing. The conductor asked them to remain quiet, whereupon an argument arose. A number of the passengers joined in the dispute. As the car was entering the city one of the colored men drew a knife and began slashing right and left. Two women on the car fainted and a panic ensued. The negro made his escape.

Late yesterday afternoon the Senate confirmed the nominations of three members of the Federal reserve board. These were Charles Hamlin, of Massachusetts, for a term of two years; W. P. G. Harding, of Alabama, for a term of eight years, and A. C. Miller, of California, for a term of ten years.

A dramatic story of the inquiry into the sanity of Mrs. Helen Morton Bayly, daughter of Mark Morton, multi-millionaire of Wheaton and Lake Forest, and bride of Roger Bayly, of Virginia, was told yesterday in Chicago by one of those present. Married only three weeks, Helen Morton that was, became—according to a petition filed by her husband—violently insane on Sunday, June 28. She developed, so the petition says, a suicidal mania and the inquiry, as the story comes, developed the story of a scene in the Morton kitchen when the bride chased her husband around the room armed with a gleaming butcher knife.

SHOOTING IS STILL A MYSTERY

Detectives Endeavoring to Unravel Murder of Mrs. Bailey.

DUAL PERSON THEORY

Wife of Doctor Carman Interested Spectator of Re-enacted Tragedy Scene at Her Residence.

New York, July 7.—With a big group of Burns detectives in Freeport, the mystery of the shooting of Mrs. Louise Bailey by a hand that poked a revolver though Dr. Edwin Carman's office window is today in a fair way to be cleared.

A split between Coroner Norton on one side and District Attorney Smith and Sheriff Petit on the other,, resulted in hiring Burns men. The detectives took as their first step a rehearsal of the murder scene in which Dr. Carman acted as stage director. Mrs. Carman, the cold, iron-nerved woman ,who has admitted knowing she was under suspicion, was the most interested spectator of the scene at the rose-covered cottage.

A woman's hand still looms up today as the one which killed Mrs. Bailey.

But the theory of a dual person—a man—clad both in trousers and skirt—is given a deal of attention. John G. Haberie's description of such a person, as one he had seen excitedly inquiring for the doctor in June, led authorities to investigate along this line. Haberie, a member of the Haberie Drug Company, of New York, was inclined to believe that the strange, heavy person he saw was a man, disguised so that he might drop off the skirts and appear instantly in his true role.

The Burns men today are working without fear or favor, having been informed that politics and favoritism charges are rife regarding the conduct of the case thus far, and knowing, too, of the split between the village officials.

Coroner Norton plans to continue his inquest tomorrow. Meantime, District Attorney Smith may present his case to the Grand Jury at Mineola, which will begin its session today.

SHOT TO DEATH BY NEGRO.

Quarreled Over Candy—Colored Youth Was From Reformatory Escaped.

Richmond, July 7.—Clements Bruce, aged seven, was shot nad instantly killed Saturday night in the home of his father, on the Mechanicsville turnpike, just over the Hanover county line.

The killing was done by a negro boy thirteen or fourteen years old, a former inmate of the negro reformatory, who had been taken by Mr. Bruce with a view to training him and making a useful man of him.

Saturday evening Mr. and Mrs. Bruce had company to supper, and the children of the household were sent to another room while the grown people were at table. Soon after the meal began there was a report of a gun from the room, and when the father and mother rushed in they found their little boy lying on his stomach, gasping for breath and in the throes of death. He lived only about two minutes, never uttering a word.

The negro boy who did the shooting made his escape and has not yet been heard from.

From the other children in the room it was ascertained that the negro asked Clements for some chewing gum and candy, and when the boy refused to give him all that he wanted the negro remarked that unless it was given to him he would kill him (Bruce.) The boy still refused and the negro grabbed the gun and fired.

UNITED STATES COURT.

Arguments on Demurrer in Damage Suit Heard Today.

The July term of the United States Court, which met yesterday, continued in session today.

The case of Arthur Sharks, alias West, charged with improper conduct toward several young girls, was continued until the January term.

Fines of $25 were imposed in the following cases for violations of the hunting laws: James Monroe Jenkins, J. R. Early, H. H. Berry, Taylor Cooper and A. C. Gutridge.

Final naturalization papers were granted as follows: Matthew H. Middleton, Scotland; John Joseph Roche, England; David Gulland, Scotland; Samuel Mendleson, Russia.

Arguments on demurrer were heard today in the case of J. McGwynn, administratrix, vs. the Southern Railway Company, a damage suit for $25,000 for death of husband of plaintiff. Leo Harlow represented the plaintiff and John S. Barbour the defendant company. Judge Waddill took the case under consideration.

The remainder of the day was consumed in taking rebuttal evidence in the case of Oliver Durant vs. Charles H. Tingeley, Commissioner of Revenue of Culpeper county, et al. The plaintiff contends that his personal property and income should not be taxed in Virginia, as he is not a citizen of the State.

MRS. ANGLE IN TEARS

Application Made by Coroner to Transfer Woman in Apartment Tragedy.

Stamford, Conn., July 7.—Whether or not Mrs. Helen M. Angle will be transferred to the county jail at Bridgeport, where her privileges will be few and the opportunity of her friends to visit be limited, rests with Coroner John J. Phelan.

Meantime Mrs. Angle has been denied the privilege of using the dormitory at police headquarters and is confined in a cell. Her only special privilege now is to order her own food. Her father's visits to her have been limited to two a day.

She cried yesterday afternoon when told that she would have to go to the county jail and begged that she be permitted to remain. "I will make no trouble for any one," she cried to Chief Brennan. "I will want no visitors except my father."

Meantime no definite time has been fixed for resuming the inquest.

Mrs. Angle is spending most of her time reading and studying Italian, in which language she is quite proficient. She has also evinced considerable interest in religious matters and refers frequently to her childhood days when she attended a religious school and was taught religious lessons. She apparently finds consolation now in some of these prayers. Her condition tonight is good.

The avowed intention of Alexander Berkman and his fellow anarchits to publicly eulogize the three anarchists killed Sunday by the premature explosion of a bomb of their own construction probably will be prohibited by the New York authorities.

STORM IN PITTSYLVANIA

Hundreds of Barns Destroyed—Hail Cuts Horse Until It Bleeds.

Danville, Va., July 7.—Belated reports from outlying points make it certain that the storm last week was one of the most furious and intense experienced in this section of the country for a great number of years. Something akin to a tornado seems to have swept a swath through a section of Pittsylvania, starting about from Whittles. Uprooted trees, demolished barns and battered crops mark the path of the tempest. Hundreds of barns were destroyed and the roofs of dwelling houses carried bodily away during the two hours of the storm. Hailstones as large as marbles fell in clugs of ice. Three young people from Chatham were caught in the storm while driving in a buggy, which was overturned by the wind, and the horse was found to be bleeding where it was hit by the wind-driven hail. The occupants of the buggy were able with difficulty to make their way on their hands and knees to a nearby barn when the wind came up, and they had a terrifying experience in their rickety shelter. The crops fared sadly, the young corn being absolutely ruined, and what little tobacco that has been planted was bruised and beaten down.

KELLY'S ARMY IS SCATTERING

Nomad Camp at South End of Highway Bridge to Pass Away.

RETURN NEXT YEAR

Allege They Could Have Had 3,000 This Year, but Many Undesirables Were Rejected.

The camp of Kelly's army at the Virginia end of the Highway Bridge is no more.

"We have concluded to split up," said one of their number late last night. "But we will return next year. We could have had 3,000 with us this year if we had been willing to receive the panhandlers and other undesirables who wished to accompany us; but we are marching for a principle, and want no hangers on for loungers along.

"We are coming again to Congress with our demands. We want a nationalization of public utilities. The migratory worker must be transported gratis from place to place, as the country needs his services, and this must be recognized."

They further say four hours a day is just right. And everyone should be required to work. The minister who preaches from his rostrum, the man who works for the farmer, the spectacled professor browsing among his books, and the pot-bellied capitalist, all should be given their daily stint, with nothing to eat unless they accomplish their allotted task.

Members of the army have strayed into Alexandria during the past week. Some have been before the Police Court. They were given one hour in which to shake the dust of the city.

A special from Jenkins, Ky., says that James Turner, who Sunday killed his sweetheart, Ana May Warner, shot and killed William Carter, a member of a posse which was sent out to arrest Turner. After a battle with the posse Turner was captured.

DEPUTY SHERIFF MURDERED.

Negro Assailant Shoots up Lodge Meeting And Wounds Other Men.

Wilmington, N. C., July 7.—Deputy Sheriff Isaac W. Skipper, of Brunswick county, was instantly killed, G. W .Skipper, Jack Skipper and a negro named "Cap" Robinson were wounded by James Tomoney, a negro, when the latter resisted arrest after shooting up a negro lodge meeting at Northwest, near here, Saturday night.

The attempted arrest was made in a crowded store, and after shooting the officer the negro opened fire on the crowd, fighting his way to freedom. As he was crossing the road in front of the store, some one in the crowd opened with a double-barreled shotgun, both loads taking effect in the fleeing negro's side. He was brought to a hospital, where he is expected to die. The other wounded men received local treatment and will recover.

FEDERALS WANT TO LAY DOWN ARMS

Three Hundred Said to Be Preparing to Submit to Americans.

REVOLT SPREADING

Reported in Vera Cruz that Carranzista Representative Is About to Start Into American Line.

Vera Cruz, July 7.—Mexican federal troops, stationed six miles beyond the American lines, are in a state of revolt. Senor Campero, the representative of General Carranza in Vera Cruz, today declared that couriers have reached him with information that the mutiny is spreading and will reach the capital itself.

American officers believe Campero is unduly optimistic as to the extent of the mutiny, but 300 federals sent word to the constitutionalist representative that they wished to surrender and declared they would march into the American lines, turning over their arms and ammunition.

General Funston was advised of the revolt in the federal lines during the night. He issued orders to the outposts to be on the lookout for the federals and not to fire upon them. If they actually surrender, they will probably be treated in the same manner as the federal troops which retreated from Ojinaga and were held at Fort Bliss.

Reports of the revolt in the federal camp astonished the American officers. The forces outisde Vera Cruz were supposed to be picked troops selected to guard the road to Vera Cruz, which is Huerta's only possible route of flight.

Campero last night wired General Carranza:

"The federals along the railroad to the capital are shouting 'Viva Carranza' and wish to join you. I cannot leave the American lines tonight, but will go out to the soldiers early in the morning."

The 300 soldiers who started the revolt created a wild scene in the federal camp. They openly proclaimed their intention of marching into the American lines and laying down their arms. Campero declared that word brought to him by couriers was that federal officers were finding it difficult to round up enough loyal men to place the mutineers under arrest.

HOUSE WARRANTS LIKELY

Underwood Thinks Not Enough Members in City to Do Business.

Washington, July 7.—The House met today without the assurance that a quorum is in the city and if that body again finds itself without a sufficient number of members to do business it is probable that warrants will be issued for absentees. The House found it necessary last summer to issue warrants upon several occasions to compel the attendance of a quorum.

Adjournment of the House was forced late yesterday because only 186 members answered to their names. A quorum is 218. That the House was quorumless developed when Congressmen Phelan and Gardner, of Massachusetts, sought to suspend the rules and pass a bill appropriating $200,000 for the relief of the Salem fire sufferers.

The Appropriations Committee, by a vote of 6 to 5, had previously declined to recommend the appropriation, despite the President's special message asking aid for the Salem sufferers.

When an effort was made to pass the bill anyway, Congressman Page, of the Appropriations Committee, made a point of no quorum, and on two roll calls only 186 members responded.

Mr. Underwood finally declared that he did not believe a quorum was in the city, and the House was obliged to adjourn.

Washington Memorial Lodge of Perfection will hold a meeting on Friday night in Masonic Temple.

Go with Virginia Lodge, Loyal Order of Moose, to Marshall Hall Monday, July 13th. Athletic Events entire day. Family outing.

PROPOSED BOULEVARD

Joint Meeting of Committees in Washington Yesterday.

The building of a macadamized boulevard from Arlington Cemetery to Mount Vernon was the subject of discussion at a joint meeting of the committee appointed by the Chamber of Commerce and a committee representing Alexandria County, at the rooms of the Chamber yesterday afternoon, R .P. Andrews, chairman of the committee, presiding.

The offer of the Agricultural Department, made by Logan Waller Page, chief of the Public Roads Division, to contribute $45,000 to the proposed roadway, which is to cost $90,000 was thoroughly gone into. This offer is made under the condition that the balance of $45,000 be paid by contributions from Alexandria County and this city.

The Alexandria committee reported that Alexandria County had collected $25,000 of the amount and requested that the Chamber of Commerce collect $10,000, and that a similar amount be raised by the Washington Chamber of Commerce to make up the required sum. Several plans were suggested to raise the money.

BONDS RETIRED.

Eight thousand dollars of the bonds of Alexandria were retired by the commissioners of the sinking fund who met in the office of Mayor Fisher yesterday. The commissioners purchased the bonds at $92, the par value being $100. Only $14,000 were offered for sale and of this amount $94 was asked for $6,000 worth. The bonds are a part of the 1908 issue, totaling $745,000, of which $31,000 have been returned by the commissioners.

Several children were playing around the basin which had recently been filled with water nad the little boy slipped in. The body was recovered by his mother and brought to Wheatley's undertaking establishment in this city last night. The funeral will take place from there tomorrow morning at 10 o'clock.

Performance Bring Big Sum for Hospital Building Fund.

The committee in charge of the entainment given by the Washington Dramatic Club at the Opera House a week or two ago, have made their report, showing a net gain for the hospital fund of $100.75. This is an absolute gain for the hospital fund and is highly appreciated by the committee and trustees of the hospital, who desire to express their thanks to each and every one of the talented young ladies and gentlemen who took so much pains to assist the hospital in securing this contribution, especially to Mr. Wm. H. Winchole and Miss Esther Kuhn, who engineered the performance and got the dramatic entertainment up. Too much credit cannot be given to "Tatters," Mrs. Irene B. Warren, Miss Arinne Wood and Esther Kuhn for their excellent work and also to Henry W. Clarke, who, as Moses Lillyblossom, was a decided and howling success. Thanks are also due to Miss Senea W. Dortch, pianist, and Mr. French S. Hufty, violinist, for their very excellent music.

The amount of money was unexpected and swells the contributions to date to $40,949.76.

YOU CAN HAVE A WEALTH OF BEAUTIFUL HAIR

Nothing equals an aureole of beautiful hair as a frame for a pretty face. Without a background of nice hair a really pretty face frequently becomes plain and, with it, unattractive features assume life and beauty.

Every woman can increase her natural charm by using Newbro's Herpicide. Herpicide makes hair beautiful. The dandruff germ saps the vitality of the hair. Herpicide applied intelligently and regularly checks this destruction of hair life and prevents the hair from falling out, giving it a snap and luster, a soft, silky fluffiness which can be acquired in no other way.

Newbro's Herpicide in 50c and $1.00 sizes is guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.

Applications may be obtained at the best barber shops and hair dressing parlors.

D. D. D. In Hospitals; Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease, have been soothed to sleep by a soothing fluid washed in by the nurse's hands?

That fluid is the famous D. D. D. prescription for eczema.

THE SUPERVISING NURSE of one of our prominent Catholic institutions (name of nurse and institute on application), writes regarding a patient. "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid?

DR. GEO. F. RICHARDSON frankly writes "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent."

To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and see!

And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

But we are so confident of the merits of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. You alone are to judge.

ENTERTAINMENTS FOR CHARITY.

The action of certain members of the Richmond City Council in a movement to collect license taxes upon all festivals, exhibitions, etc., conducted in the name of charity or churches, is the beginning, it is believed, of a propaganda destined to extend throughout the state of Virginia and probably in other sections of the country. Richmond having taken the initiative, we may naturally look for similar movements in other cities of the commonwealth.

People who conduct lunch houses and amusement halls, and who pay licenses for the privilege, have always complained that churches and other organizations, are allowed to enter into competition with immunity from state or corporation taxes. These enterprises are almost invariably conceived when a city is in an abnormal condition, or when parades or anything is going on which bring in large numbers of visitors. The arguments of those who have ever protested against exempting those organizations from such business from license, [illegible] hard to refute.

During [illegible] of the twenty-second [illegible] in Alexandria several [illegible] restaurateurs approached [illegible] of the city and called [illegible] to the fact that most of the churches had opened lunch houses [illegible] told the official that he was compelled to pay a large amount for the privilege of conducting his business, while church committees and others were allowed to compete with him without paying anything to the city. The boniface further said that on occasions when there were influxes of visitors to the city he and others engaged in similar occupations should be allowed to reap the benefits. There was no answer to these observations.

There seems to be a delusion upon the part of many that everything in the way of labor, time and outlay should be freely devoted to all charitable and church enterprises. That considerable deference should be shown them no one will deny, but the growth of such enterprises has been so rapid of late that many people not overburdened with wealth find it hard to keep up with them. This is especially so with merchants who are the prey of every scheme for the purpose of raising money. The number of persons engaged in selling tickets for festivals, excursions, picnics, exhibitions, etc., is being augmented all the time, and they invade every place. A merchant in this city recently told a representative of the Gazette that he had that morning expended enough money in tickets for this and that thing to eat up all the profits upon his sales for that day.

The retail merchants of Alexandria some time ago adopted a resolution by which it was agreed that no member of the organization would purchase tickets for anything except upon the concurrence of all members of the organization.

It seems that whenever organizations are effected, no matter how limited the number of persons composing such, about the first thing conceived is an exhibition, supper or some other sort of entertainment, for which the community is expected to pay. Bible classes are especially sufferers from this hallucination. It is no uncommon thing to see children holding up people on Sundays in attempts to dispose of tickets for church picnics, excursions, or other entertainments.

The field has long ago been overworked, and the time, it seems, has come to demand a halt.

This Lung Remedy Known Fifteen Years

If everybody who suffers from or is threatened with Lung Trouble would investigate the many cases where recoveries were brought about through the use of Eckman's Alterative, a remedy which has stood the test for nealy fifteen years, a strong opinion in favor of it would be the result. What it has accomplished for others it may do for you. Read this:—

145 E. 122d St., New York.

"Gentlemen: Last December I took a sudden cold, which developed into Pneumonia. The doctor did all he possibly could for me, but could not clear my lungs. One day I saw a testimonial in one of the papers telling of the good results someone had from taking Eckman's Alterative for a trouble of the lungs. I began taking it and soon felt good results. My lungs began to clear up and I began to gain in strength and was soon well enough to take up my work again. I am in better health now than I have been at any time. I am a missionary worker for the New York Home for Homeless and Friendless Boys."

(Affidavit) ERNEST P. WILCOX.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in unbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

FLESH-FORMING FOOD

When you buy a package of Samose, the great flesh forming food, weigh yourself and see how much you gain in the first week's use. E. S. Leadbeater and Sons will tell of many of their customers who a month or so ago were thin pale and haggard but who are now, through the use of Samose, plump, strong and happy, with perfect health and attractive flesh. They have seen so many instances of the wonderful power of Samose to restore the weak and sick to strength and health, and to make good natural flesh that they give their personal guarantee with every package of Samose they sell to refund the money if it does not prove satisfactory.

Samose is a pure preparation, and can be used with absolute confidence by the most delicate. It gives remarkable results with children who are weak and run down and without appetite.

PRIEST POISON VICTIM.

Guests Shocked When They Gather to Celebrate Father Meyer's Birthday.

Bristol, Va., July 7.—Visiting priests and other Catholics who assembled here yesterday to join the Rev. Father Meyer, of St. Ann's Church, of this city, in celebrating the sixtieth anniversary of his birth, were shocked to find him in apparently a dying condition, having taken an overdose of nux vomica by mistake.

The priest had a desperate struggle in the bathroom of his home before he could make his sister, Miss Mary Meyer, the only other person in the house, hear him, and go to his aid.

Physicians and a trained nurse are in attendance, but the outcome is still in doubt.

LIGHTENS SENTENCE.

Daniels Reduces Lieut. Comdr. Huff's Loss of Numbers to Only Three.

Norfolk, Va., July 7.—Secretary of the Navy Daniels, in passing upon the verdict of the court-martial in the case of Lieut. Comdr. Charles P. Huff, commends him for zeal in the performance of his duties as United States ordinance inspector at the Newport News shipyard, reduces his loss of numbers from five to three and rules that the publication of the court's findings shall be the only reprimand.

Cowdr. Huff made an attack on J. Philip Kiesicker in a hotel in Newport News February 15. Kiesicker is connected with the ship building company. An attempt was made to connect the assault with Comdr. Huff's relations with the company as ordinance inspector, but no charges were sustained.

CEREMONY BINDING.

Woman Secures Alimony From New York Diamond Merchant.

New York, July 7.—That a wedding solemnized with a kiss and a hug is sufficient to justify the award of $7,200 a year alimony, was shown in the grant of that sum yesterday to Mrs. Emma L. Hall. She obtained a separation in March from her husband, a wealthy diamond dealer. Hall admitted he had lived with Mrs. Hall for twelve years, but never recognized her as his wife, and denied there had been any marriage ceremony.

Mrs. Hall tstified at the trial that Hall placed his arm about her waist, kissed her and said: "This is as sacred and binding a marriage ritual as any other."

Justice Grenbaum decided the ceremony was binding and awared Mrs. Hall her separation. The court ordered Hall to pay the alimony in monthly installments of $600 and furnish $15,000 security to insure its payment.

Mrs. Hall testified at the trial that Hall wore diamonds on his suspenders, on his garters, in his shirt front, and even had a large diamond in the button that held the neckpiece of his overcoat together.

Hall also had his pockets full of diamonds of all kinds and sizes, Mrs. Hall testified, and often exhibited handfuls of them to prospective buyers. Hall inherited a large amount of stock of a large drug concern founded by his father.

WANT RECEIVERS FOR BANKS.

Depositors Take Action Against Lorimer-Munday Institutions.

Chicago, July 7.—Receivers were named for three of the Lorimer-Munday string of small banks yesterday. These banks closed with the failure of the parent bank, the La Salle Street Trust and Savings Bank. They are the State Bank of Calumet, the Illinois State Bank of Chicago and the Ashland-Twelfth State Bank.

The application was made by William Freedman, attorney for certain depositors. It is alleged that no one is now in possession of the properties. It is charged that $75,000 of city deposits alloted to the Calumet Bank and smaller city deposits allotted to the other two branch banks never reached them and were in fact deposited in the La Salle Street Bank. It is further alleged that certain stockholders in the banks never paid for their stock. Assessment of stockholders under the double liability act is requested.

After hearing the story of the girl and that of her father, the grand jury did not call any more witnesses, although several were waiting in the event that further evidence was needed.

The case was set for trial July 30th. It is expected that it will require but two days.

FATHER KILLED BY SON.

Boy Alleges His Mother's Life Had Been Threatened.

Savannah, Ga., July 7.—A long distance telephone message from Barrett, Lowndes county, to the Savannah Press states that George Ham, a farmer, was killed yesterday morning at breakfast by Charlie Ham, his nineteen-year-old son. The husband quarreled with his wife and, the boy says, threatened to kill her before night. Charles secured a .32-caliber revolver, and while his father was at the table shot him in the right breast, He died within an hour.

The boy made no effort to run away, but awaited the arrival of the sehriff from Valdosta. Mrs. Ham and two smaller children witnessed the shooting, which took place at 5 o'clock this morning.

ETTOR MAY LEAD STRIKE

Westinghouse Workers Invite Aid "From Every Source."

Pittsburg, Pa., July 7.—Offices were opened here today by agents of the Westinghouse Companies, whose plants are affected by the strike, for the purpose of filling the 10,000 or more vacancies in the shops. It was reported in East Pittsburg that a determined effort would be made this week to break the strike. Troopers of the State Constabulary still were on duty in the town, scores of pickets watched every entrance to the factories and all saloons were open, but there was not the slightest sign of disorder.

Hundreds of persons called at the employment offices yesterday and as selections were made each person was given a card with instructions to report at the factory as designated.

Pickets watched all streets leading to the Pennsylvania Station in this city, and pleaded with strikers not to go to East Pittsburg. Six hundred of the better class of workmen formerly employed at the electric plant, marched to the main entrance at noon and demanded their tools. They were admitted in squads of 10. Soon afterward the strikers in mass-meeting invited outside assistance "from every source." A resolution specifying Joseph Ettor, the Industrial Workers of the World leader, who has been working among the striking miners of Eastern Ohio, was defeated on the ground that Ettor could come under the general invitation.

Why Suffer from Rheumatism?

When relief from rheumatic pains may be had at so small a cost it is surprising that anyone should fail to avail himself of it. Joseph Copparelli, Canastota, N. Y., suffered intensely with pains due to rheumatism in his limbs for a long time A friend told him about Chamberlain's Liniment. One application relieved him wonderfully, and a few days' treatment effected a cure. Many others have found quick relief by applying this liniment. For sale by all dealers.
